SLA

SLA Management

Below are the Service Level Agreement
maintained by Capnis Infotech

...

...

CAPNIS

Our SLA Timeline

Business days
(Monday to Friday: 24 hours)

Business hours
(Monday to Friday: 9AM to 6PM)

Regular days
(Monday to Sunday 9AM to 6PM)

Non Business Hours
(Monday to Friday: 6PM to 9AM)

Weekend
(Friday: 6PM to Monday 9AM)

Types of Our SLA

01

Incident SLA

An incident is an unplanned interruption or reduction in quality of an IT service. Failure of a configuration item (asset) that hasn't yet had an impact on a service is considered an incident.

02

Request SLA

A service request is a request from a user for information, advice, or access to an IT service

03

Problem/Issue SLA

A problem is a cause of one or more Incidents. The cause isn't usually known at the time the problem record is created. The problem management process is responsible for investigation. A problem ticket can be created even in the absence of an incident to relate to it.

04

Change Order SLA

A change is an addition, modification, or removal of anything that could affect IT Services. This may include IT services, configuration items, processes, documentation, and other related elements.

05

Proposal SLA

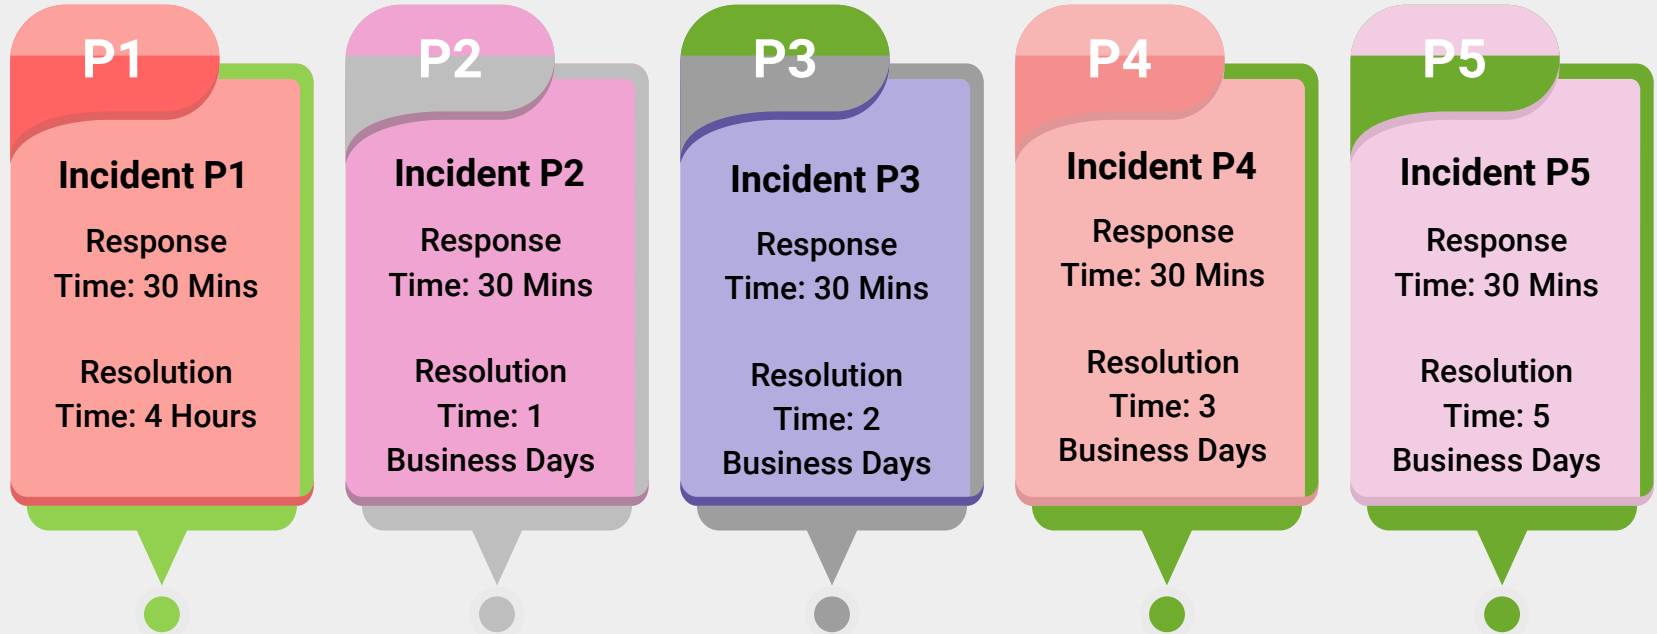

A request for proposal (RFP) is a business document that announces a project, describes it, and solicits bids from qualified contractors to complete it.

06

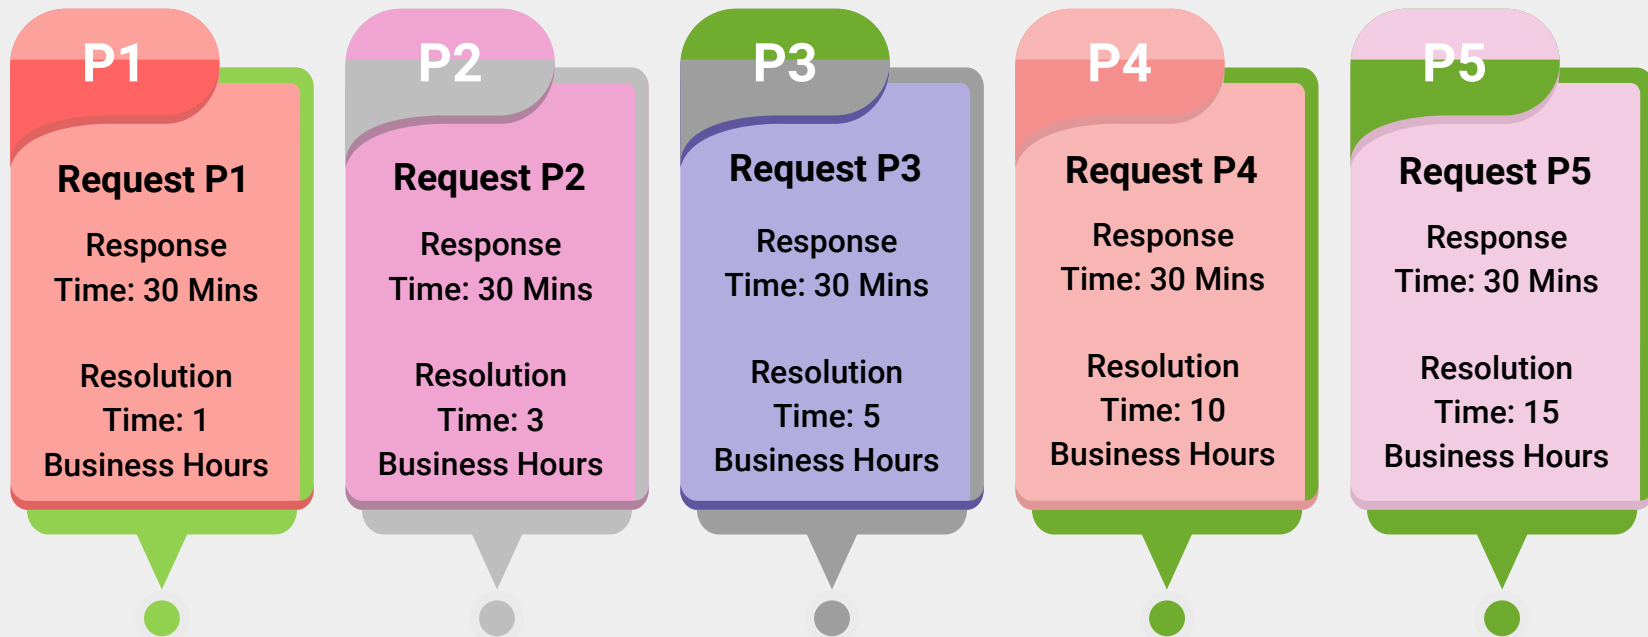

Demo/Documentation SLA

Application feature document or demo link can be provided to you within the mentioned timeframe
